## FOR THE PRESENT WEEK.

The Republican Correspondents Gather the News and Furnish it to its Readers.

## MORRISVILLE.

Rev. F. M. Jones preached at Cameron Springs academy last Sunday.

Messrs Homer Reid and Ward Williams, one day last week, killed a diamond rattlesnake on North Main street, in Morrisville, that was 28 inches long. It was a beautiful reptile.

The little Persian Shah, of Cane Creek, seems to be disgruntled because the Big Booger, of Morrisville, don't ride his bike. The Big Booger says that he never will mount it any more unless Big Frank will go along with him and hold the machine up. He tried it once by himself and it landed him nearly on the top of his head. Dang gum the old thing.

The little Shah had better take half the advice that he gave Big Booger about telling fish stories at prayer meeting. Big Booger said that Judge Garrett and others caught 36 fish out of one hole in Francis' mill-pond and little Shah said it was 36 eels they caught. Now which is the largest the fish or the eel story?

Mr. R. C. Johnston, of Rabbitfoot, is the Jonah of this section. He recently caught two trout in Francis' mill-pond that weighed 6 pounds each, and last week he caught a trout in Morris' mill-pond that weighed 3 pounds.

The Camp Meeting at Peaceburg and the meeting of Calhoun County Association at Middleton, are near by, and by the time they are passed there will not be enough yellow legged chickens left for seed in this neck of the woods.

The announcement that Mr. Buck Sisson is a candidate for County Commissioner, was well received in this section, and as I have not language sufficient to express my satisfaction, I will drop the subject by saying to Buck, "go it Sal, I'll hold your bonnet."

## FERGUSONVILLE.

Cotton is opening rapidly and the farmers are putting in full time gathering it.

D. T. Simpson has gone to Anniston. He is clerking for Mr. Kapin on 10th street.

A. H. Simpson & Sons are running their cotton gins this week.

Several parties were out from Anniston last Sunday viewing the building at the new camp ground.

J. H. McEachern is looking a little sleepy. He is running a moving machine during the day and an evaporator at night.

The camp meeting is the topic of the day now.

A. M. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords. 25 and 50 cent bottles for sale by.

## CHOCOLOCOCO.

Mr. Whit Briner and Miss Lee Pearson were married by Dr. J. F. M. Davis last Thursday night.

Miss Julia Hewitt and Mr. Zack Grubbs were married a few days since by Esquire Weatherly.

Mrs. C. D. Barker spent several days at the exposition. She thinks everybody should attend.

Rev. Tom Jones preached two excellent sermons last Sabbath at the school house.

Miss Maggie Weaver, of Weaver, will teach school at this place.

Miss Ada Hughes and a friend of hers from Iron City, are visiting Miss Mary Hughes at this place.

Mr. Davis, of Spring Garden, is visiting her brother, Dr. Davis.

Mrs. Brock, of Oxford, has returned to her home after a pleasant visit to Col. Robert Johnston.

Mrs. Smith and Mrs. Milligan have returned from a two days visit to relatives in Oxnana.

Mrs. Dr. Whiteside, of Oxford, passed through our place a few days since on the way to her sisters home at White Plains.

Chocolococo is paying more for cotton than Anniston or Atlanta.

Mr. L. E. Greer has two children that have a mild form of diphtheria. They are not dangerously sick at this time.

Mr. John Turner took up a small mouse colored mare, as an estray, two weeks since.

## IRON CITY.

The cold wave has reached us and it makes us country folks think about killing a shoat for fresh eating.

We learn that Mr. John Calahan, of Heflin, was very badly cut last Friday by a young man named Bolt. It is said that Bolt and his mother requested Mr. Calahan not to sell any more whiskey to old man Bolt, and when Calahan did it again the row followed.

Iron City no longer has a telegraph office. The lineman came along last Saturday and cut out this office. Our people are now without any means of knowing when the trains will be here.

Some of our people want to bring back some of the birds that were destroyed by the intense cold and sleet of last winter. Their absence has made insects very numerous. The English sparrows are numerous but they are only a pest.

We are all very much elated over the price of cotton. A good price is our only salvation.

Mr. James Faulkner is visiting relatives here. He says the Chickasaw nation is the finest section of country he ever saw. He saw fourteen hundred acres of corn in one body that would yield from sixty to eighty bushels of corn to the acre.

Success to the REPUBLICAN.

## WEAVERS.

Mrs. Armstrong and Mrs. Tyson, of Anniston, and Mrs. Son, of Tallapoosa county, visited our Dr. Son this week.

Miss Maggie Weaver returned home last Tuesday, after a long visit in West Virginia.

W. R. Hubbard lost a fine mare last week.

Ed Hubbard wears his Sunday clothes through the week—it is a fine boy.

## ALEXANDRIA.

The school at this place opened on the 1st.

Prof. Jarratt, of Kentucky, is spending a few days here, the guest of Prof. Glass.

John M. Caldwell paid a business call here this week.

Mr. Mims, of Birmingham, spent Sunday with friends here.

E. T. Wilkins has gone to South Carolina, where he again will buy cotton this season.

Mrs. Turner, of Anniston, has been the guest of her brother, Mr. Potterfield, for several days.

The Baptist Sunday school at this place observed Mission Day. The program for the occasion was sent out by the Southern Baptist Convention.

Miss May Woodruff, of Anniston, has accepted a position with Mrs. Mathis in the school here.

A number of people from this place will attend the camp meeting at Peaceburg.

The many friends of Mr. Hutchinson will be glad to know that he is so much improved that he will soon be able to return to work; but will regret to know that he will go to Gadsden instead of remaining here.

Mrs. Cooper has been quite sick this week.

The advance in the price of cotton has made our farmers put on renewed energy. The gins run early and late.

## BRUNER.

The closing exercises of Prof. W. J. Young's school at Bruner was an intellectual feast to all who had the pleasure of attending. The exercises opened with the examination of a class in Latin. This class gave evidence of the thorough manner in which it had been taught during a rigid half hour's examination, not a single question was failed to be answered correctly.

Numerous other classes were examined until eleven o'clock, reflecting credit on both pupil and teacher, when an able and interesting address was delivered by Prof. S. J. Robinson on the subject of education. At the close of this address the ladies of Bruner brought out baskets well filled with good eatables suitable for such an occasion, and you may rest assured that we did their splendid dinner full justice.

After dinner the examination of several classes, and then an eloquent and instructive address by Hon. L. D. Miller, who spoke in the highest terms of our school, saying it was the equal of any country school in the county.

About four o'clock Mr. Russell, of Anniston, photographed the school, which numbered eighty pupils.

The night exercises were especially interesting and amusing, and the children held the audience spellbound until eleven o'clock. Then came the closing address by Miss Elba May Griffin.

The school has closed until the first Monday in November.

J. T. Vincent and S. A. Kirksey are in the beef business. They leave this morning for Birmingham with a fine lot of cattle. We wish them success.

Richard Willis has moved into the house vacated by J. A. Calahan, and Jas. T. Nunnally will occupy the house vacated by Mr. Willis, which is his old home.

## SCHENCKS SPRINGS.

Joseph Carthel and S. L. Russell, of Anniston, passed through here last Sunday on their way to Webster's chapel, looking after the interest of Sunday schools.

Mr. and Mrs. Charley Ward and Miss Mamie Ward, of Jacksonville, visited the springs last Sunday.

Mrs. Louise Coggins, of Davidson Co., Tenn., was in this vicinity last Monday and Tuesday, looking for her little son who ran away about fourteen years ago.

Quite a number of young people from the neighborhood of Friendship church paid the springs a visit last Sunday.

What became of Sam Slim's Oxford Lake fair? We don't hear any talk of it now, and suppose Sam Slim is going to let the big show in Atlanta swallow it and himself too.

Now, Mr. Editor, I agree with you on the court house question. If Anniston intends to make the fight for removal she should make it as early as possible. We will have our hands full next year without being troubled with the question of the removal of the court house.

Anniston has a city court, and I can't see why she want all the courts in the county, unless it is because she expects to have all the criminals, since they have learned to stuff the ballot boxes down there. If this be the reason, then she should go to work to get the penitentiary, so as that when they convict and sentence a criminal he will be at home.

## School Still Growing.

The attendance at the Normal school here has continued to increase from the day of the opening until the enrollment now numbers 190.

A number of other new pupils will enter during the next few weeks, and the attendance will soon be more than two hundred.

This attendance is indeed gratifying to the faculty and friends of the school.

The school is so thoroughly classified that Prof. Forney, Daugette and Wright, and Miss Borden and Mrs. Read have been able to teach all classes up to now, but it is expected that the attendance will soon increase during the next few weeks that it will be necessary to employ the sixth teacher.

This school is now the pride of Jacksonville, and we expect to see it grow in public favor until it becomes the pride of north-east Alabama.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a severe time of it. He took such a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had had colds followed his example and had a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by

Cards have been sent out announcing that Mr. John Pelham, of Anniston, will be married to Miss Mary Ellen Miles, in Max Meadows, Virginia, on Thursday morning, Oct. 10th, and that they will be at home to their friends in Anniston after the first of November.

We desire to congratulate our friend Mr. Pelham on his approaching marriage and to wish for him all the success and happiness life holds in store for the most fortunate.

## Assignment.

The Jacksonville Mining and Manufacturing Company filed papers of assignment in the office of the Probate Judge last Saturday evening, naming O. D. Martin as assignee.

This company owns valuable property which cost it over one hundred thousand dollars. Its outstanding indebtedness amounts to about thirty thousand dollars.

The assignment is made necessary in order to hold the property together until a sufficient amount can be realized to pay its indebtedness.

As soon as there is any demand for property, a sufficient sum can be realized from mineral and timber lands to pay the indebtedness of this company, and leave it a large amount of property inside the corporate limits of Jacksonville.

The company has acted wisely in the selection of its assignee, and its affairs will be managed to the very best advantage.

## Minutes S. S. Convention at Webster's Chapel.

The second district Sunday school convention was held at Webster's Chapel on the fifth Sunday in September. The Convention was called to order by President J. M. Phillips and the following program was carried out:

C. A. Gammon and Co., the clothiers of Anniston, are with us again this week in a new advertisement on fourth page. This firm is prepared to meet all the demands of the fall trade, and invites an inspection of their stock of goods, and a comparison of their prices with those of any other house in the county.

The Calhoun County Baptist Association will convene at Oak Bower church next Wednesday. The delegates selected from the Jacksonville church are Messrs P. D. Ross, S. A. Wright, J. T. Nunnally, Jas. Crook, T. W. Ayers.

Woodson J. and Frank Martin left Monday for Tuscaloosa. Frank will take the academic course in the university, and Woodson the law course. These are both bright boys and we expect them to take a good stand at the university.

THAT TIRED FEELING should be overcome at once or it may end most seriously. Take Hood's Sarsaparilla now and prevent sickness and suffering later in the season.

HOOD'S PILLS are the best family cathartic and liver medicine. Harmless, reliable, sure.

Notice the change in the advertisement of Lippman Bros. This is one of Anniston's most reliable business houses, and when it comes to selling goods, this house never gets undersold. Not only does this house sell good goods at bottom prices, but its salesmen treat you so nicely that it is a pleasure to trade with them. Never fail to go to Lippman's when you go to Anniston.

## WATSON DEFEATED.

J. C. G. Black Carries the Tenth District by Nearly 2000 Majority.

After one of the most remarkable campaigns in the history of American politics, the fight between J. C. G. Black, Democrat, and Thomas Watson, Populist, is ended, and Black is the victor. The following telegram to the Constitution from Augusta, dated October 2, tells the story:

The third great battle of the ballots between democracy and populism in the tenth district has been fought to a finish, and for the third time victory perches on the democratic banner. For the third time Richmond county has stood loyally by her gallant standard bearer, and Hon. James C. G. Black will again get the commission of congressman, and this time purged of the semblance of fraud. Chairman Boykin Wright, of the campaign committee, and President Henry Hammond, of the Young Men's Democratic Club, are rejoiced at the result, and Congressman Black, no doubt, will rest easier to night though he has been in bed with broken-bone fever for two days. The story is told in the following figures:

Columbia (estimated) gives Watson 650 majority; Glascock adds 315; Jefferson 98; Lincoln 697; McDuffie 646; Taliaferro 374; Warren 515; Washington 200; Wilkinson 102; making Watson's total majority 3,692.

Richmond registered 7,450 votes. Less than 200 were thrown out by the registrars, leaving 7,250. Of these 6,439 voted today. Watson received only 923, leaving Major Black a majority of 4,693. Hancock added 550, making Black's total majority 5,243 and his net majority in the district 1,551. Any changes that will be made by the official consolidation of the vote will probably increase Black's majority instead of helping Watson.

The result shows that Watson has lost ground all over the district. In Columbia his majority of last November has been cut down 600; in Jefferson 250; in McDuffie 100; in Taliaferro 125; in Warren 325; and in Washington 75. In Lincoln and Wilkinson he gains 50 votes, but in Lincoln, about 600 disqualified voters were allowed to vote for Watson because the registrars failed to give them notice to appear before them.

Mr. Watson may carry out his threat to contest, but it will avail nothing.

It would only result in exposing populist frauds. Today's election ought to satisfy Mr. Watson that he can never carry the district, for he was defeated with only about 50 per cent of Richmond county's full vote.

The election was a remarkably quiet one. There were two fights here, but they were between individuals and amounted to nothing more than an exchange of blows by which nobody was seriously hurt. All over the district the election was quiet and orderly, and in today's victory the democracy of the district and of Richmond county stands fully vindicated. Telegrams have poured in from all sections of the state and from other states tonight asking for the result of the election and showing the great interest that was felt throughout Georgia.

McFarland & Ward have sold their shop and have gone out of the blacksmith business.

## FOR 60 DAYS

There has never been a time when our people as a whole were trying to inform themselves on the great issues of the day as they are now. It is the duty of every newspaper in the land to exert every effort to see that its readers have ample opportunity, in their search for information, to arrive at the truth. Believing this to be our duty, and realizing that we are on the eve of a time of national and state elections of importance of which cannot be estimated—elections which will be of deeper interest to the people than any of recent years, we have arranged to make the following OFFER FOR 60 DAYS.

We will send the WEEKLY BIRMINGHAM STATE, a mammoth eight page paper, for one year, to

(1) Every new subscriber to the REPUBLICAN who sends us \$1.00, cash.

(2) Every old subscriber who renews before the 60 days expire.

(3) Every delinquent subscriber who pays up arrearages for one year.

The State is the ablest exponent of free coinage published in the South. It is a Great Family Weekly, and should be in the home of every Democrat in Alabama.

Its agricultural department commends itself specially to every farmer and stock-raiser. At the low price no farmer should be without it.

THE FAMOUS takes two columns of our advertising space this week. Their liberal methods of advertising is in keeping with their mode of doing business. When you go to Anniston they ask you to call and see them. Mr. Walter L. Jones will be in Jacksonville next week. He will bring a large line of samples, and hopes to have all his friends come and see what a superb line of goods his excellent home has bought for its customers.

## Annual Settlement.

THE STATE OF ALABAMA, Calhoun County.

In Probate Court of said County Special Term 2 day of October 1895.

This day came W. F. Hurst guardian of the estate of Robert and Lilly Hurst minors, and filed his account and vouchers for an annual settlement of his administration of said estate. It is therefore ordered that the 22 day of October A. D. 1895 be and is hereby appointed a day upon which to examine, pass upon, and allow said account and to make said settlement, and that notice thereof be given, by publication for three successive weeks in a newspaper published in said County, as a notice to all persons concerned to appear in this Court on said 22 day of October A. D. 1895 and contest said settlement if they think proper.

EMMETT F. CROOK, Judge of Probate.

The firm of J. G. Adams, of Anniston, advertises shoes in this week's issue. Read their advertisement. In writing to us, they say they are with the REPUBLICAN to stay. This is an evidence that they mean business. You can't do better than to call and see them.

From Every Nook and Corner of The County.

### FOR THE PRESENT WEEK.

The Republican's Correspondents Gather the News and Furnish it to its Readers.

#### CHOCOLOCO.

The Baptist Sunday School had a cotton picking at S. N. Milligan's last Thursday to raise missionary money. They made \$1.05. If all the country schools would do as well, they would raise \$85. for missions.

Miss Hattie Reynolds had a very miraculous escape from death last Wednesday. She was drawing water and the windlass slipped out of her hand and struck her on the arm, when she sat down on the side of the well, fainted, and fell back into the well. The well was 75 feet deep.

Mrs. Borders and Davis attended the camp meeting. They report an excellent meeting and good time.

Dr. Scott and Jas Morris left today to attend the Association at Oak Bower church.

Rev. M. G. Milligan leaves tomorrow to attend the meeting of the Alabama Synod at Leeds.

Ion. W. W. Whiteside was up Saturday to attend justice court. He and Col. Blackburn both made fine arguments in a case in which they were on different sides. Fred gained his case as usual. This was the fourth trial of a ten dollar lawsuit and goes to the circuit court.

Miss Maggie Weaver was over a few days since to see about her school, which commences next Monday.

Mrs. Kelly is visiting her son in Anniston this week.

Miss Callie Milligan spent Sabbath with her parents. She speaks well of the Jacksonville Normal school.

Mrs. Lawrence will move to Jacksonville next week.

Mrs. Lester, of Anniston, came up to the burial of her brother's child at this place this week. The child died in Anniston and was brought to this place for burial.

Rev. C. Hagler preached an excellent sermon at the academy this week.

Miss Flake Bowling, of Alexandria, is visiting Miss May Borders.

Miss Mary Hughes is visiting her sister at Edwardsville this week.

#### MERRELLTON.

Rev. James Prater is very sick and is not expected to live.

M. T. Weaver's little son is not expected to recover from a relapse of scarlet fever.

Uncle Warren Harris, who is 92 years old, picks cotton regularly.

Cotton is about half open and will soon be out and sold. The rise in the price of cotton has helped our farmers considerably in debt paying. It is now about the best of production and makes us feel some better than last fall.

Rev. Joe Holden will serve New Hopewell church as pastor for the ensuing year.

## PIEDMONT.

Last week was cold enough for fires and the coal wagons were busy all the time.

Piedmont congratulates herself that she is soon to have a new enterprise which will no doubt be an advantage to the farming interests as well as to the town. It is a cotton seed oil mill, and the company interested in the business is formed of N. A. Alexander, E. W. Ledbetter, J. J. Eubanks and C. B. Clark. They have leased the large building used by the old Bent Wood company and expect to have their mill in operation in two weeks.

The school question has been settled peacefully, and Miss Fannie Holcombe has a good attendance at the High School building. The Seminary is flourishing and new boarding pupils are coming in.

Never within the memory of the "oldest inhabitant" have there been so many chills in the country. The Drs. are busy day and night and it is chills, chills, chills.

Mr. Fornby has opened up a large stock of goods in his new building opposite the Albert.

Miss Anna Miller, of Cave Spring, is the guest of Mrs. Harris of the Hotel Albert.

Miss Myrtle Allgood returned on Saturday from a three months visit to relatives in Georgia and South Carolina.

Miss Josie Witherspoon, of Gaylesville, is visiting her brother at the Seminary.

Tom Brown is running a brick yard in the northern part of town and hiding ready sale for all he can make.

The two sons of Mr. Elgin, Rob and Al, of Tampa, Fla., have been visiting their home folks.

Adger Alexander has given over the pleasant and lucrative business of drumming and is book keeping for Roberts and Stewart.

The Presbyterian church here is again without a pastor. Dr. Darrell having resigned. He has moved to Georgia.

Capt. Woodruff and Tom are in the city.

P. G. Wingo visited home folks last week. He has a position with the Western Union Telegraph Co., at Huntsville and will move his family to that place soon.

The protracted meeting at the Methodist church closed last Sunday night. A few revs were added to the church. Rev. J. T. Penn, of the Mississippi Conference, did most of the preaching, and although he failed to get up a big revival, surely so much able, logical, scholarly preaching will have its reward. He impressed his hearers as being not only a fine orator, but a consecrated Christian.

Our city had a distinguished visitor a week ago in the person of Mrs. Livingston Mims, of Atlanta. She is a leading Christian Scientist, and while her husband and daughter (Mrs. Thompson) are devoting their time to the Exposition she is helping those of her faith who call on her. She was the guest of Mrs. Faust, who is a scientist, and who was sick. Miss Louise Faust went home with Mrs. Mims to be cured of chills and has returned looking badly still.

We now appreciate our electric lights since Monday and Tuesday night they did not work, owing to a fallen pole, and our city was in darkness, save for the faint glimmer of lamps in the dwellings.

## MISS DAISY BAILEY, OF ROME, IS VISITING HER COUSIN, MISS BEATRICE SHARPE.

The King's Daughter's Reading Room is open to the public, and although their stock of books is small at present they expect to add to their collection at every opportunity. Publishers have been very kind and they are receiving a good many papers and periodicals free.

Rev. J. W. Bradford is assisting in carrying on the camp meeting at Peaceburg.

Dan Monahan and Charlie McCollister came down from Cave Spring last Sunday.

## OXFORD.

Just let that court house question alone. Anniston has bitten off more than she can chew, and if forced to swallow it she'll be choked sure.

The silver craze blow'd over some time ago, so the gold standard folks informed us, and they "sarn't" word around to their folks not to discuss the question any more. But lo and behold, they have found out like the Kansas farmer's fence. When admonished by his neighbors not to build it as it would be sure to be blown down in that cyclonic region, he replied, let her blow Josiah, she's four feet high and five feet thick and when it blows down it will be a foot higher than ever. Just so Josiah, with the silver craze. It is a foot or two higher than before it blew over and the John Sherman—Republican—Democratic—Goldbug syndicate has caught on to the fact by actual measurement and have commenced to send out inside supplements to their goldbug organs. You can find them neatly folded inside of some of their dailies and most of their weeklies.

Don't these gold bugs blow though when some state convention adopts the financial plank of the national convention of 1892? That's funny.

It has been said that the financial plank of that platform has never been used. As it is considered a good democratic plank, free of knots and all heart, it is but natural that democrats should want to use it.

Several of your correspondents have asked what has become of the Oxford Lake fair. Now I want it understood that I did not get up that fair. The Lake Line officials promised it, and my opinion is that they think that Providence interfered by interposing the Atlanta exposition. I guess a little later on, we can get up a colt show. There are many fine colts in the country and a colt show would be attractive. Will see you later on this matter.

We are breathing purer air since the rain, and turnips, peas and potatoes have taken on a new lease of life.

It is said that lots of folks and lots of dust attended the camp meeting last Sunday.

## EGYPT.

R. F. Willson is very sick with congestion of the brain.

The little girl, Tinnie Boswell, who has been sick with paralysis so long, died the 4th of this month.

The corn and cotton crop in this section is off about fifty per cent, but the baby crop will reach at least ninety per cent.

Good old Moses and all his kindred are sure to go West this fall. Hope their places will be filled by good people.

## SCHENCKS SPRINGS.

John Gullidge died very suddenly last Saturday morning, and was buried at Union church on Sunday.

Col. Henry Sheild, of Coffee county Tenn., was visiting at his brother's, Jas. M. Sheild, last week.

Several of this neighborhood attended the camp meeting last Sunday.

Now, Mr. Editor, there are two things I want to join—the Jacksonville Bachelor Girls Club and the Ladies Bicycle Club. Of the first club I want to be boss. Of the bicycle club, I am willing to take a humbler position. By all means it should have one man in it to insure their lives and go after the doctor when they get thrown.

## MORRISVILLE.

On Oct. 6, at the residence of Rev. D. P. Williams, Mr. J. E. Williams, of Calhoun, and Miss Ellen Sewell, of Cleburne county, were united in the holy bonds of matrimony. Rev. W. S. Griffin officiated. Also on Oct. 6, at the residence of the bride's father, Mr. J. A. Prince, of St. Clair county, and Miss Ida Bryant, of Calhoun, were united in the holy bonds of matrimony. Rev. W. S. Vinson officiated.

It seems that good old Moses, of Egypt, failed to secure peace in the case of some person stealing Thomas M. Haynes' cat, and he called the elders together and they decided that Mr. Haynes should be restored no less than two dozen fold; and when he rose early Sunday morning he found no less than 24 cats sitting in and about his house. There were fat cats and lean cats, large cats and small cats, Mrs. cats and Thomas cats, and cats of all colors and politics. Moses and the King are patiently waiting to see whether the restoration will pacify Mr. Haynes or not.

There was a large congregation of people in attendance at the camp meeting at Peaceburg last Sunday. I noticed that Jacksonville was well represented by Messrs. Ed. G. Caldwell, John Rowland, Dr. W. A. Skelton, and others.

Dr. R. G. Ragan, our traveling dentist, passed through town on his way to Lincoln, Ala.

Rev. T. K. Trotter and his lady, of Duke, were in town to day.

A little child of Mr. A. J. Boswell, died last Friday. It had been sick several months and its death had been expected some time.

## WHITE PLAINS.

We are just as busy as can be, one and all. The farmers are picking cotton, of which there is not a great deal; the merchants are on the run to wait on their customers; the doctors are going to see the sick. So there is nothing to do here but work. We have no tramps or loafers.

Some of our young folks took in the camp meeting Saturday and Sunday and brought back a good report.

Dr. B. S. Evans and Rev. J. F. Potter are in attendance upon the Calhoun Baptist Association this week.

Dr. J. U. Whiteside is in Mobile attending the Alabama Medical College.

Some one remarked the other day that Cleveland had fixed it again. Had gone fishing and left no one at home to attend to business and cotton went up while he was gone and now he can't set it down.

## MINK.

Monday evening we had a nice rain, which was badly needed.

J. R. Atkins and Dr. T. R. Williams made a flying visit to the Peaceburg camp meeting last Sunday.

Miss Mamie Taylor is attending the camp meeting at Peaceburg this week.

Mrs. Emeline Williams is visiting her daughter, Mrs. Thomas Robertson, near Allsup, this week.

Miss Lizzie Easley, of Anniston, is visiting friends and relatives at this place.

S. B. White will move his family to Jacksonville soon.

C. A. Hollingsworth has gone to Hoke's Bluff on a business trip.

Rev. F. M. Boozer preached a good sermon at the Williams school house on the 5th Sunday.

Several people in this neighborhood speak of attending the exposition this fall.

We regret to hear of the death of Jasper Sewell, of Ellis County, Texas. We extend our heartfelt sympathy to his bereaved family and relatives. He was a good man and greatly admired by all who knew him.

## IRON CITY.

We have just returned from the camp meeting where we had a very nice time. Rev. F. P. Culver preached Friday night and the people were delighted with the sermon. Rev. Dr. Newman preached a very fine sermon on Saturday at 11 o'clock. The afternoon services consisted of a quarterly conference. The congregation Saturday was a very large one, but that of Sunday was much larger. Several estimates were made, but we think one thousand was about the number present. The crowd was very orderly and well behaved.

Jack Frost has come and I noticed that he did more damage in the western part of the county than he did here.

We have had a good rain which the dusty roads were much in need of.

The fourth quarterly conference of the Heflin circuit will be held at Darville on the 19th and 26th inst.

Mr. W. W. Scott's child is quite sick.

Mrs. W. Thompson is quite sick.

## BYNUMS.

A large number of people from this part of the county attended the camp meeting at Peaceburg last Sunday.

Mrs. L. H. Klien, of Anniston, is spending a few days with friends and relatives here.

J. T. Morris, of Riverside, made a trip here Tuesday in the interest of the ore mining business.

Mrs. W. R. Anderson has been seriously ill recently.

Prof. J. E. Hughes left the latter part of last week for Cedar Keys, Fla.

A goodly number of people through here anticipate visiting the exposition.

Several families in this section will move to Texas this fall.

A. E. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords. 25 and 50 cent bottles for sale by.

## BERA.

The health of this community is some better. The little girl of A. J. Boswell, who has been sick ever since last January, breathed her last Friday. The family has the sympathy of this community.

B. F. Wilson, of Egypt, had a congestive chill last week and has been very sick since. He is better now.

The King of Egypt has issued a proclamation for every one of his subjects to sacrifice a cat to Lord Haynes, to repay him for the one taken from him by that good old woman a few days ago. Whereupon the Egyptians gathered thirteen cats, of all sorts, and shipped them into the house of his lordship while he slumbered Saturday night. But he was not satisfied and says he would not give his own pussy cat for all the cats in Egypt.

Rev. F. M. Jones, of Morrisville, passed through Bera Sunday, enroute from Anniston where he had been preaching.

## BRUNER.

Mrs. Sallie Thrift and her five children left for Foreston, Texas, last Wednesday.

The cotton crop in this section is very short and will not amount to more than half a crop.

Recently a party from this place consisting of L. D. Patterson and Miss Ida Sims, T. B. Ford and Miss Maggie Allen, W. A. McCain and Miss Minnie Vincent, J. H. Patterson and Miss Viola Sims, J. F. Bough and Miss Daisy Griffin, J. O. Davis and Miss Minnie Sims, B. H. McCain and Miss Annie Patterson, spent a most delightful picnic day at Tripoli Mines.

## IMPORTANT TO DEBTORS.

The accounts of the Republican while in the hands of L. V. Grant, now in my hands for collection will be turned over to an attorney for collection, after reasonable time, under instructions. Debtors will find it to their interest to settle with me at an early date. Administrators and Executors who do not settle for advertising prior to discharge on final settlement become personally liable under the law. These accounts will be placed at once in the hands of Mr. H. L. Stevenson.

WALTER DEAN, Agent.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had colds followed his example and half a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by.

The attendance at the state normal school here has grown so large that it has been necessary to select the sixth teacher. Miss Franks, an experienced teacher of Rome, Ga., has been elected to fill the place and has entered upon her duties.

While the attendance is much larger than the school has had at any time during its history, there is still room for others, and those who want their children to have the advantages of one of the best schools in the state, should send them to this school at as early a day as possible.

Mr. Abe Gilman, of the firm Ullman Bros. of Anniston, has been in town this week with an extensive line of ladies dress goods. He always brings the best that the market affords and is therefore liberally patronized.

## \$2 FOR \$1.

FOR 60 DAYS

There has never been a time when our people as a whole were trying to inform themselves on the great issues of the day as they are now. It is the duty of every newspaper in the land to exert every effort to see that its readers have ample opportunity, in their search for information, to arrive at the truth. Believing this to be our duty, and realizing that we are on the eve, as it were, of national and state elections the importance of which cannot be estimated—elections which will be of deeper interest to the people than any of recent years, we have arranged to make the following OFFER FOR 60 DAYS.

We will send the WEEKLY BIRMINGHAM STATE, a mammoth eight page paper, for one year, to

(1) Every new subscriber to the REPUBLICAN who sends us \$1.00; cash.

(2) Every old subscriber who renews before the 60 days expire.

(3) Every delinquent subscriber who pays up arrearsages for one year.

The State is the ablest exponent of free coinage published in the South. It is a Great Family Weekly, and should be in the home of every Democrat in Alabama.

## TAX ASSESSMENTS.

A Decrease of Over Seven Hundred Thousand Dollars in Calhoun for the Last Year.

AN EFFECT OF THE GOLD STANDARD

Facts Speak Louder Than Words of the Politicians as to the Effect of Our Present Financial System.

It has been known to every man who is not so blind that he will not see that the effect of the present system of finance has been to greatly reduce the value of all property. This decrease has been greater in the South and West than in any other section. While these two sections have suffered greatly, the money centres have prospered and grown richer, and their abstract of assessments have shown a great increase.

Think of it! A system of finance which pours dollar after dollar into the pocket of the millionaire in New York county, N. Y., at the expense of the toil, sorrow and deprivation of the farmer in Calhoun, Alabama. And yet there are those among us now who would have the people even of Calhoun county endorse and favor such a system. But the farmer who is in debt, and realizes that it now requires two hundred dollars of property to pay one hundred dollars of debts contracted a few years ago, can never be led to favor such a system.

Calhoun has come in for her share of the suffering under the gold standard, and her citizens swear that their property has decreased during the last year over the enormous sum of seven hundred and five thousand dollars.

Here are the figures as shown from the abstract of assessments for 1894 and 1895:

Value of Real Estate, \$6,059,419.00

Value of Personal Property, \$3,174,149.00

Total Value for 1894, \$9,263,568.00

Value of Real Estate, \$5,253,178.00

Value of Personal Property, \$3,305,368.00

Total Value for 1895, \$8,558,546.00

Decrease in Valuation from 1894, \$705,022.00.

### GOOD ADVICE.

Boykin Wright, who successfully managed the campaign of Major Black in the tenth Georgia district and who is due much of the credit for the great victory achieved, in a letter to the Constitution in which he reviews the fight, has this to say about the people who opposed him: "The great mass of the people in this country are good and true citizens. They have simply been misled by unwise and selfish leaders. We should not be impatient or harsh in our judgment of them. We should all get together again. They are the same men who fought our battles in 1850 and 1855. They were the backbone of the democratic party in the dreadful days of reconstruction, and have been ever since, until recently. Agricultural depression and the great financial distress have caused our friends in the country to look elsewhere than to themselves for aid, and wily politicians have lured them into a new party in the hope of securing the relief promised. They are learning their mistake and the inability of the populist leaders to fulfill their promises, and will soon leave the populist party. They have nowhere else to go, except to return to the old democratic home of their fathers. Let us, therefore, not make their return too hard by abusing them. In this spirit the democracy of the tenth has waged and won the battle."

We feel good, but shall wear our victory with modesty. We return thanks to The Constitution for its aid in this campaign.

The position taken by Mr. Wright in the above extract from his letter is the one which the Republican has always advocated. It is the sentiment of a true democrat, and we commend it to the leaders of the democratic party in Alabama.

The democrats of Alabama must get together. Georgia has set the example, and, as we said two weeks ago, the man, or set of men, no matter whether they be extremists on the one side or the other—who place themselves in the way of a reconciliation, do not deserve the name of democrats and will some day become a stench in the nostril of the great party which they so grossly misrepresent.

The constitutional convention now in session at Columbia, S. C., is attracting the attention of the whole country. Ben. Tillman, the one-eyed statesman of the Palmetto State seems to hold the reins, and is likely to bring about whatever result he desires. In a letter to the New York World Mr. Tillman says that the gravest problem which confronts the convention is the negro question; that the war did not solve it, but by emancipation and enfranchisement only added to its difficulties. He thinks that the people of South Carolina are the negro's best friends, and warns outsiders that the negro will be benefited more if the convention is left alone, than he will by outside interference. Mr. Tillman's letter is a strong one, written by a strong man. The Anglo-Saxon of South Carolina is not doing what he has done the world over,—dominating an inferior race.

There may be certain philanthropists, sentimentalists is a better title, who will raise an objection; but they only know the negro by what they hear and read of him. Mr. Cleveland, of the World has been right when he says, the members of this convention have a kindly feeling for the negro, and a sincere desire to do him right. That these philanthropists can possibly possess

## THE LESSON IN GEORGIA

There is much rejoicing among the republicans over the financial plank which the democratic state convention of Massachusetts placed in its platform last week. It reads: "We demand the maintenance of the existing gold standard of value, and that the government shall keep all its obligations at all times redeemable in gold."

"We oppose the free coinage of silver and any further purchase of silver bullion on government account."

Certain democratic journals, who grow indignant when you tell them that they are monometallists are printing this platform and virtually endorsing it. If there is any living sane man who can see anything but monometallism in the first paragraph, quoted, and anything but a direct hostility to bimetalism in the second, he should be brought forward. Some of our Shermanized democrats in the south may need him to explain for them in the near future.

We have just received from Eldredge and Brother, publishers, a little volume entitled, "The Civil Government of Alabama," by T. C. McCorvey, Professor of History and Philosophy, University of Alabama.

Professor McCorvey's object in the preparation of this book, was to make it a text book to be used in the schools of our state. He carefully treats of the French, English and Spanish government in what is now Alabama, of territorial government in our state, of state government in our state, of local government, of elections and how officers are chosen. The author has made a valuable contribution to Alabama school literature. It completely fills a vacancy which has often been commented upon. It deserves to be graciously welcomed by the educators of Alabama, and should be promptly placed in every school.

We congratulate the author for the good work he has accomplished.

It seems that Mr. Kolb's paper, the Peoples Weekly Tribune, is a little wrathful because some other papers have intimated that its political character is controlled by its business matters. The Tribune and the Montgomery Advertiser neither one like to have it said that the business office controls their editorial utterances. No wonder that they do not like it. Such a course is disgraceful. An accusation that a paper is conducted after this manner is simply a way of saying that it has sold its principles for money.

It is very unkind for the press to harbor any such suspicions as to the two worthy journals just named, and it is hoped that they will be able to prove to the world that the mere fact of their having borrowed great sums of money in the east, is no foundation for such attacks as those to which they are subjected.

Marvelous Results.

From a letter written by Rev. J. C. Anderson, of Birmingham, Ala., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was afflicted with pneumonia and coughing would last hours with little interruption and it seemed as if she could not survive them. I tried everything, but nothing helped her. I then procured Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at J. B. Arbery's Drugstore."

There are quite a number who insist on saying that the people of Calhoun county are in a better condition to-day than they ever were before. The Republican is willing to say that our people are a greatly favored people. We have a grand county—one that cannot be excelled. Our citizens have fought like heroes against the oppressive conditions of recent years and have valiantly borne the burdens placed upon them. They deserve at the hands of their legislators much more than they have received. But the Republican cannot, it will not say, that the county is in better fix today than it has been before. When actual figures taken from the assessment books of the county show a decrease in property values, in one year of \$705,922.00 such an extravagant statement on its part would place it in a most embarrassing position.

From the strength of Hon. Hillary Herbert's speech in Montgomery last week it would appear that the gold craze is about dead. It was, without doubt, the weakest effort that has been made on that side, in all Alabama.

It is to be hoped that the old "governor-maker" at Montgomery will yet be able to find a victim that will allow him to take the office. She is going, but not yet.

It is to be hoped that the old "governor-maker" at Montgomery will yet be able to find a victim that will allow him to take the office. She is going, but not yet.

## WHAT THEY SAY

### OF THE ELECTROPOISE.

The Electropoise has relieved me of a throat affection that has baffled all treatment and has annoyed me for more than forty years. Very respectfully, T. T. TUSTALL, Mobile, Ala., Oct. 22, 1894.

I commenced the use of the Electropoise when I was in a weak, nervous state lying awake night after night until 2 o'clock. I commenced to sleep better almost immediately after beginning its use, and after three months felt that the Electropoise had paid for itself. Yours truly, Mrs. J. C. BAKER, Memphis, Tenn., March 5, 1895.

A relative of mine who was wounded during the war, and who never recovered from the effects of the wound, has been using my Electropoise, and he is now as well as he ever was. I recommend the Electropoise to all my friends. Yours truly, W. B. MCGEE, Tehula, Miss., Dec. 5, 1894.

I cannot say too much in favor of the Electropoise. Yours truly, T. S. JONES, Fannin, Tex., June 25, 1895.

After returning from Hot Springs about a year ago without a cure, and as the last resort, I applied the Electropoise, and received a prompt cure of rheumatism. This same Electropoise has made many cures in other diseases, and the instrument will do all that is claimed for it. Yours truly, J. T. SROUT, Mobile, Ala., Sept. 22, 1894.

Rental terms, \$10 cash for four months, with privilege to purchase by paying \$17.50 additional at the expiration of four months. Pocket Electropoise book of particulars free to any address. DUBOIS & WEBB, 223 21st, Birmingham, Ala.

ALL ABOARD FOR THE EXPOSITION.

Persons going from Jacksonville and surrounding country to Atlanta during the exposition can find no better route than over the East and West. In going this way you make close connection with the W. & A. in Cartersville, and run no risk of being delayed. All the people in this section who expect to go over and see the great exposition, should go this route.

Seven day tickets can be purchased from Jacksonville for \$2.00. For longer limited tickets address, BART COWDEN, Genl. Pas. Agt., Cartersville, Ga., or any local agent in Calhoun County.

15 Years With Salt Rheum

Hood's Sarsaparilla Gave a Perfect Cure.

"G. I. Hood & Co., Lowell, Mass." "Hood's Sarsaparilla is an excellent medicine. I had eczema in my leg for fifteen years. Part of the time my leg was one mass of scabs, and about every week corruption would break out under the skin and the scabs would slough off. The itching and burning sensation made me suffer indescribable agonies. I spent a great deal of money for different remedies but did not get any relief. About a year ago I read a newspaper article about Hood's Sarsaparilla. I did not believe it, but I took it. I took it for a few days and I was cured. I am now enjoying perfect health. I think Hood's Sarsaparilla is second to none and highly recommend it to all who are afflicted with skin diseases. M. L. Chevreton, Leonard, Missouri."

It appears that the fuss between Kolb and his associates, and Goodwyn and his associates has been hushed up. The scandals brought to light by this little rupture are revealing to all honest populists. They are finding out that Kolb, Bowman, Goodwyn, Adams and last, but not least, the gallant Skaggs, are in for the spoils, and nothing else.

## WHAT THEY SAY

### OF THE ELECTROPOISE.

The Electropoise has relieved me of a throat affection that has baffled all treatment and has annoyed me for more than forty years. Very respectfully, T. T. TUSTALL, Mobile, Ala., Oct. 22, 1894.

I commenced the use of the Electropoise when I was in a weak, nervous state lying awake night after night until 2 o'clock. I commenced to sleep better almost immediately after beginning its use, and after three months felt that the Electropoise had paid for itself. Yours truly, Mrs. J. C. BAKER, Memphis, Tenn., March 5, 1895.

A relative of mine who was wounded during the war, and who never recovered from the effects of the wound, has been using my Electropoise, and he is now as well as he ever was. I recommend the Electropoise to all my friends. Yours truly, W. B. MCGEE, Tehula, Miss., Dec. 5, 1894.

I cannot say too much in favor of the Electropoise. Yours truly, T. S. JONES, Fannin, Tex., June 25, 1895.

After returning from Hot Springs about a year ago without a cure, and as the last resort, I applied the Electropoise, and received a prompt cure of rheumatism. This same Electropoise has made many cures in other diseases, and the instrument will do all that is claimed for it. Yours truly, J. T. SROUT, Mobile, Ala., Sept. 22, 1894.

Rental terms, \$10 cash for four months, with privilege to purchase by paying \$17.50 additional at the expiration of four months. Pocket Electropoise book of particulars free to any address. DUBOIS & WEBB, 223 21st, Birmingham, Ala.

ALL ABOARD FOR THE EXPOSITION.

Persons going from Jacksonville and surrounding country to Atlanta during the exposition can find no better route than over the East and West. In going this way you make close connection with the W. & A. in Cartersville, and run no risk of being delayed. All the people in this section who expect to go over and see the great exposition, should go this route.

Seven day tickets can be purchased from Jacksonville for \$2.00. For longer limited tickets address, BART COWDEN, Genl. Pas. Agt., Cartersville, Ga., or any local agent in Calhoun County.

## Trip to Atlanta and Forsyth.

Last week we enjoyed the pleasure of a trip to Atlanta and Forsyth, Georgia. While in Atlanta it was our pleasure to see the great exposition. Indeed it is a great exposition, and has never been equaled in the United States except by the World's Fair at Chicago. It came up to our expectation in every particular, and we advise all who can do so, to go and see it.

While at the exposition we saw all the Jacksonville boys who have positions there. They were all well and are delighted with Atlanta.

From Atlanta we ran over to Forsyth and visited Dr. Lane and family, and we were pleased to find them so nicely situated at their new home. Dr. Lane has delighted the people of Forsyth with his able sermons, and his congregations are larger than those which attend any other church in the town. But the friends of Dr. Lane in Jacksonville will not be surprised to learn of the favorable manner in which his sermons are received, for they recognize him as one of the ablest preachers of this country. The college building in which Dr. and Mrs. Lane and Misses Undine and Louise teach is a very handsome building. Their school has opened very auspiciously, and their friends feel confident that they will succeed in building up a school which will be the equal of any in Georgia.

## Jacksonville to the Exposition.

It is suggested that we have a Jacksonville week at the exposition early in November. We think the suggestion a good one. There are many advantages in having a number to go together. In the first place, it is much more pleasant to be there with your friends than to go alone. And by having a number to go over together, the trip can be made much cheaper.

We learn that a number of the pupils in the school here desire to attend the exposition, and we suggest that it would be much better to give a vacation for a week and allow them all to go at once instead of dropping out one at a time. The schools in nearly all the towns are giving such a vacation, and we see no reason why our school should not afford its pupils the same opportunity to see the exposition that other schools give.

## Our Agent.

We have secured the services of Prof. A. D. Glass, who will make a thorough canvass of Calhoun county in the interest of The REPUBLICAN. He is authorized to receive new subscribers and collect subscriptions already due.

We hope the friends of the REPUBLICAN in the different parts will aid Prof. Glass in securing new subscribers, and we promise them to make the paper better for another year than it has ever been before.

We know how inconvenient it is for those who are due as subscribers to send the amount by registered letter, and we will send their accounts by Prof. Glass and give them an opportunity to pay and save the expense of sending by registered letter.

We will appreciate it, if all will pay one year in advance. This will enable us to put the paper on a strictly cash basis, and make the improvements which we desire to make.

Help us, and we will help you by giving you the best county paper in the state.

## No Fair at Oxford Lake.

The following letter from Mr. Sexton explains itself, and from it will be seen that there is to be no fair at Oxford Lake this fall:

Dr. T. W. Ayers,  
Editor Republican,  
Jacksonville, Ala.

DEAR SIR:—You kindly gave notice of the County fair proposed to be held at Oxford Lake this fall. I regret to say that but little interest has been manifested by the farmers or business men of the county and for that reason it has been thought wise not to undertake the matter this year.

It would doubtless be for the general good of our county to have annually an exhibit of farm products etc., and the grounds at Oxford Lake are admirably suited for it.

One of the most successful fairs held in the U. S. both from an instructive and financial standpoint is that held in my native county, Burlington County, N. J.

It is a stock Co., stockholders are the farmers and business men of that section, and while certain privileges in the way of passes are granted to each stock holder, no dividends are ever declared, the entire net proceed being used to provide additional features and make the fair a greater attraction and benefit each year.

For an association formed on that plan, the Oxford Lake Line would provide ground for the erection of necessary buildings, and at its own expense would care for them throughout the year.

In mentioning the fact that there will be no fair this fall, I wish you would urge upon the farmers and business men to take such a project in hand in view of having an annual exhibit hereafter.

Yours very truly,  
Howard W. Sexton,  
Pres't.

## As a Doctor Does.

The one great fault with all Liver Pills is that they act suddenly and "sharply" instead of quietly and continuously. They produce a violent relief and then leave you weakened, with an empty stomach and no appetite for food. This is not what a doctor does.

Twenty-three years ago I was attacked with indigestion, rheumatism, and was attended by the most eminent physicians in the land. I visited the great Saratoga Springs, N. Y., and the United Hot Springs of Arkansas, and many other watering places, and always consulting with the local physician for directions; finally came to Florida ten years ago.

About two years ago I had a severe attack of rheumatism, was confined to my room for twelve weeks and during the time I was induced to try P. P. P., knowing that such a bottle was good for the impurities of the blood, after using two small bottles I was relieved; at four different times since I have had slight attacks and I have each time taken two small bottles of P. P. P. and been relieved, and I consider it the best medicine of its kind.

## Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous debility. "About one year ago I was afflicted with nervousness, sleeplessness, creeping sensations in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss of memory. I weighed down with care and anxiety. I completely lost appetite and felt my vitality wearing out. My weight was reduced to

### Excitement at the Exposition.

In the center of the Manufactures and Liberal Arts Building there is always a "pressing crowd," waiting their turn to feast their eyes upon the magnificent display of solid silver, cut glass, wall-hung, etc., shown by Messrs. J. P. Stevens & Bro., the well known Atlanta jewelers. Never before has such a brilliant exhibit been shown in Georgia, and it is one of the features of the Exposition. This house makes a specialty of engraving wedding invitations and visiting cards and have one of their curious presses running in their exhibit. Souvenirs are freely given away and altogether this is one of the most interesting places to be seen in this great building. Those who visit the Exposition should make a note of this, and not miss seeing the display of Messrs. J. P. Stevens & Bro.  
Their store at No. 47 Whitehall street is known to almost every person who has ever visited Atlanta, and those who have recently visited there say that the gorgeous array of beautiful things shown in their store is one of the wonders of the city.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

P. Stevens & Bro., the well known Atlanta jewelers. Never before has such a brilliant exhibit been shown in Georgia, and it is one of the features of the Exposition. This house makes a specialty of engraving wedding invitations and visiting cards and have one of their curious presses running in their exhibit. Souvenirs are freely given away and altogether this is one of the most interesting places to be seen in this great building. Those who visit the Exposition should make a note of this, and not miss Stevens & Bro.  
Their store at No. 47 Whitehall street is known to almost every person who has ever visited Atlanta, and those who have recently visited there say that the gorgeous array of beautiful things shown in their store is one of the wonders of the city.

### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Republican Correspondents Gather the News and Furnish it to its Readers.

## SCHENCKS SPRINGS.

Mr. J. F. Ritchie, of Talladega, has been visiting in this section.

Mr. Sam Fite and family, of Weavers, spent the day here last Sunday.

Mr. and Mrs. Jackson Young, of Bruner, have been visiting in this vicinity.

Elbert Morris and John Booser passed through here last Sunday on their way to circuit court.

Oscar Crook and John Jolks visited the springs last Sunday.

I see that the speeches of Mr. Carlisle are being circulated in this section, and I notice that he talks great deal about what Jefferson and Jackson did. It was Patrick Henry who said that experience was the lamp by which his feet were guided. It makes no difference when what any one said or did, who we are old enough, remember that when the Republicans denounced silver in 1873 it was worth more in the markets than gold. A dollar was worth 103 cents. There was no depreciated silver currency in this country then. There was no depreciation until after demonetization act of 1873. Mr. Carlisle used to take a friendly view of silver, but he is on the other side now. He reminds me of the story of the little boy who each evening had to drive up the cow to be milked. One evening he went down on the creek bottom, but failed to find her, and so he called to his father who was passing to aid him. "Now Pa," he said, "you take this side of the creek and I'll take the other, darn her old hide she belongs on both sides any how." And so Mr. Carlisle is like the old cow. When he wanted the people's vote he was on the side of the people, and an eloquent advocate he was. But when he gets into the cabinet, the gold bugs draw him to the other side. "Darn her old hide she belongs on both sides."

Success to our boys paper the Republican.

The farmers are well up with their cotton-picking.

Mr. Williams McCort and Mrs. Sallie Loyd were two of the few that received 90 for their cotton last week.

Mr. Chapman Emerson and family expect to move to Lamar county in the near future.

Mr. John Lanford expects to move to Texas about the first of December.

Mr. F. W. Foster and family will return to Anniston soon.

Some of our young men have gone to Gadsden to work at the car-traders trade.

The first ice of this season was cut Monday morning.

The health of this vicinity is good.

## CANE CREEK.

The camp meeting was largely attended and great interest was manifested by the people. Much good was done and there were a number of accessions to the church. The best of good order prevailed. The next meeting will be held in August, 1896.

Our candidate has traded his saddle for a pistol and like the girl about the "chiggers," he says that what he can't catch he will shoot.

Now who is Judge Garrett Here's to him: Brothering and sistering, David said all men are liars. Let us then guard ourselves against this fault. I am a fisherman. I catch boundless numbers of suckers in Cane Creek, when Renben fails to catch them in Florida. I used to catch fish so fat that all you had to do was to drip the oil out of the skillet as they fried. In this way have I made barrels of fish oil. A fish weighing two pounds has made for me gallons of oil. Let us avoid the bad habit of which David speaks.

Buck can get the coat now and if he can get some of the Big Boogers fish oil he will go in slicker than a —

A large Sunday school was organized at Cedar Grove on last Sunday.

There will be a Sunday school rally at New Bethel on the 3d Sunday.

## RRUNER.

We are afflicted with clouds of dust.

The health of the community is good, but we are looking for a few chills to slip up on us, as they are all around us.

Mr. J. L. Finley and sons Pratt and Tom, S. A. Kirksey, J. T. Vincent, Jr., and Raymond Griffin left this place, en route to Birmingham with a drove of beef cattle and about seventy-five goats. Don't you know that these forty cows and seventy-five goats will keep the boys in the dust until they get there. When they hear the price of beef they will be in the soup.

Mr. Claud Poes friends have agreed to get Dr. Crutcher of Gadsden to treat him for rheumatism. The doctor comes well recommended to us. Nearly a hundred dollars has been raised to help pay the doctor's bill. We all hope that he may be restored to health.

Lots of our people are going to Texas.

Success to our boys paper the Republican.

The forest is putting on her brown autumnal dress and the boys are putting in good time hunting the o'possum.

There was a thin ice last Monday morning.

Rev. Dr. Newman filled his appointment here last Saturday and Sunday and preached a couple of very fine sermons, though he was in poor plight, having been in a runaway scrape at Eastaboga. He had one arm broken and one knee injured.

Miss Bessie Davis is improving slowly.

Miss Annie Scarborough, who is attending school at White Plains, was at home Saturday and Sunday with her parents.

## MISS GENIE JOHNSON, of White Plains, was visiting relatives here Saturday and Sunday.

W. W. Scott came in from the exposition Saturday.

Miss Jeff and Frank W. Scott are here visiting relatives.

G. V. Davis returned home last week from Gadsden. He will spend a couple of weeks or so at home.

The Southern R. R. Co., is trying an experiment, they are hitching two engines to one freight train pulling 20, to 35 and 40 cars. This looks like economy as it saves the wages of one conductor, one flagman and one or two brakemen.

Beat 12 will have another Sabbath School rally next Sunday afternoon. Mr. Russell, of Anniston, will meet with us to encourage the people in this great work. Mr. Ammentrout is also expected to meet with us.

## MINK.

We are getting very dry. Some of our wells have failed and water in some cases has to be hauled half a mile or more.

Dr. B. F. Crutcher, of Gadsden, is treating a young man in our neighborhood for rheumatism.

Mrs. Julia Hollingsworth and Miss Lula Booser made a flying trip to Gadsden last Monday.

Mr. John Booser and Mr. Morris spent Sunday night with the family of Elder G. S. Booser.

Miss Bessie Griffin, of Sand Mountain, is spending a few weeks with her sister, Mrs. Emma Williams.

The writer made a trip through Cherokee and Etowah counties last week and found the cotton crop to be very short.

On Terrapin creek we stopped with one D. C. Henson. While at his house one of the boys came in and said that the dogs had treed a coon. We were all soon on the way to the tree with axes and dogs to catch the cunning animal. When we cut the tree down there were four of them, and for a time they gave us a lively time. We captured them all, however and it was a sight to look at them. There were about thirty pounds of coons.

Mr. Macon Carpenter was in our settlement last Sunday.

Elder Joe Holden preached his closing sermon at Ochatsee last Sunday. The church has called Rev. Hugh Johnson for the coming year.

Mr. William Crook, who since he left Jacksonville some weeks ago has been with the firm of Eisenman Bros., in Atlanta, has changed his business. He is with the Atlanta Tailoring Company, and is a partner in the business.

## CHOCOLOCOCO.

There will be a Sabbath school beat meeting at Iron City next Sabbath evening. Among the speakers will be Mr. S. A. Russell, of Anniston, who will discuss the great necessity of Sunday school work in Beat 12; also Mr. S. G. Ammentrout, of Oxford, who will discuss the responsibility of parents in regard to the Sunday school.

Dr. Newman preached a very excellent sermon at the Academy Sunday night.

Mabry Hanna, of White Plains, left this week to go to school near Birmingham.

J. D. Bell has gone to Florida to get Jack Bush who had skipped his bond. He failed to get him.

Mrs. Lawrence moved to Jacksonville last week. Her many friends here regret to lose her.

Her niece, Miss Mary English, went with her, to enter the normal school. Others will probably come over later.

Cotton sold for over nine cents in our town last week. We have one of the best cotton markets in the country. The crop is very short. Many estimate it at little more than one half a crop. Corn is also short, but the hay crop is fine. Sorghum is short, but the farmers will make enough to do them.

Our people have lots of hogs to kill.

Mrs. Roe, of Oxford, is visiting Mrs. John Borders.

Miss Maggie Whitesides, of White Plains, is visiting Mrs. S. N. Milligan.

## BERA.

N. D. Ballard's residence with its entire contents, was consumed by fire last week. It is supposed that the fire caught from the stove.

The health of our community is generally good.

That enterprising saw-mill man, J. W. Ray, has erected a grist mill in connection with his gin. He is now ready to crack corn one day in each week. This is a great advantage to this section of the country.

Prof. P. I. Stovall visited friends here on last Sunday. He will resume his duties with his school at New Bethel on November 11.

Egypt is still in a row. No less than fifty cats have been delivered to Lord Haynes, and yet he is not satisfied. He says some one will get his nose mashed about them cats yet.

## HON. J. H. BANKHEAD

Addresses the People of Calhoun in Favor of True Bimetallism.

His Speech Pronounced One of the Ablest Ever Delivered Here.

Hon. John H. Bankhead, the distinguished representative from the Sixth district, addressed the people of Calhoun county in the court house in Jacksonville last Monday in favor of the free and unlimited coinage of silver.

His speech is pronounced by all who heard it as one of the ablest and most conservative speeches ever delivered here on this subject.

The speaker appealed to the judgment and common sense of the people and not to their prejudice or passion.

Our space is too limited to even give a synopsis of Col. Bankhead's speech, and we can only refer to a few of the features of the money question he discussed.

It is frequently stated by the gold standard men that the increase in the price of cotton would kill the silver craze and settle the silver question. Col. Bankhead said that if the increased price of cotton was all that was necessary, then we should pray for only a half crop annually, for it is certainly true that the law of supply and demand regulates the price of cotton. This he said was equally true with money. A small supply of money increases the purchasing power, and when this country was brought to gold basis, the purchasing power of the dollar was increased, which brought an era of falling prices, which still continues, and will continue as long as our present system of finance exists.

In discussing the parity he said there was no true bimetallist who wanted a silver dollar which was not worth as much as any other dollar. They were all in favor of maintaining the parity. Not the parity between gold and silver bullion, but between gold and silver coin. By parity between the two metals, is meant between the coin of the two metals. The sound money men talk about the parity between the two metals when they have deliberately killed the money value of silver bullion. What would be the effect if a bill should be passed which would prohibit winter wheat from being carried to the mill and ground into flour, and we had to depend upon spring wheat alone for flour? With a decreased amount of flour, the price would increase, spring wheat would go up, and on account of the discrimination, winter wheat would greatly decline in value. So with gold and silver. Take from gold its money value and it will decline to one-fourth its present value, as only twenty-five per cent of it is in demand for the fine arts.

He said we frequently hear it said now that prosperity is returning. He welcomed it as much as any living man; but whatever prosperity existed now was not due to the gold standard. The improved condition among the farmers has come at the expense of the toil, suffering and deprivation of themselves and families. The gold standard men say the present crop has been made at less expense than usual. This is true. The farmers have done without all the luxuries and many of the necessities of life for the past twelve months. It is

also the squeezing out process which brought better times among the railroads and many of the large industries. Think of the large numbers of them which have been in the hands of receivers. The stockholders have been squeezed out, and they have passed into new hands.

He challenged any gold standard man present to name a single gold standard country where the farmers are prosperous, or have prospered for the last ten years.

He also challenged them to name a single country on a silver basis where the farmers have not prospered during the last ten years.

Col. Bankhead closed his speech by saying that he believed the free unlimited coinage of silver would bring an era of prosperity to this country, and that the only possible hope he saw of securing this was through the Democratic party, and in a grand and eloquent peroration he urged all those present to stand by the old Democratic ship.

Jacksonville's Week at the Exposition.

Col. Ball, of the East and West, who is always willing to do the nice thing by Jacksonville, while here last Wednesday voluntarily proposed to furnish the people of Jacksonville a special car to go to Atlanta on Monday, Nov. 18th, provided we get a party of thirty or forty persons. He can arrange to have car leave at 6:30 in the morning and reach Atlanta at noon.

This is a very kind offer on the part of Col. Ball, and we have no doubt but the required number will readily be secured.

Arrangements will also be made for special rates at hotel.

All who desire to go with this party will please leave names at the REPUBLICAN office, so as that the necessary arrangements can be made at an early day.

REV. V. M. TUMLIN, of Anniston, Ala., Preached Two Sermons a Day for Ten Consecutive Days.

Seven years ago last August I was suddenly taken with what the doctors called a "breaking down of the nervous force." I was thoroughly prostrated. Soon after being taken sick other troubles and complications began to arise, viz: Catarrh, dyspepsia, two structures of the oesophagus, rheumatism, almost perfect deafness and choking sensation on breathing dust. In addition to all these ailments I was continually having as my companion boils, risings and caruncles. I suffered terribly, and it was the opinion of every one that I would not live. In October of the last year the last gun (a gripper) was brought forward on the attack and for a few days I thought I would have to surrender and would but for the Electro-prise. Mrs. J. D. Thompson, of this city, induced me to try it, and after a few applications I began to improve, until now, after a few years' use of it, I feel entirely well and after not having been able to do a day's work in seven years, I am able to preach two sermons a day, as I have done recently for consecutive days. Money could not buy my "little doctor." Yours truly, V. M. TUMLIN, Anniston, Ala., September 24, 194.

Rented four months for \$10.00. Send for book of particulars, mailed free to any address.

## Court Notes.

Circuit court, convened at the court house in Jacksonville on last Monday, the 21st inst., Judge Brewer presiding.

The grand jury was organized with J. D. Hammond, of Jacksonville, as foreman, and S. A. McCollum as bailiff. Judge Brewer delivered a strong, clear charge to the grand jury, in which he stated their duties as jurors and as citizens, and called their attention to certain offenses which might come under their notice. The grand jury is composed of good men and it is safe to predict that their work will be of much benefit to the county and state.

At the time of going to press the following cases have been tried:

R. G. Clarke vs. Bowling and Woodruff, Geo. W. Bowling, claimant. Jury and verdict for claimant.

R. Y. Street vs. M. H. Toland. Jury and verdict for plaintiff. The verdict in this case gave plaintiff \$1784.65.

S. J. Carroll vs. J. M. Gray. Jury and verdict for defendant.

Chancery court has also been in session here this week, and part of Monday and Tuesday was devoted to the business of that court. Judge Brewer adjourned circuit court to allow the attorneys to attend. Chancery docket on Tuesday afternoon, and left for his home at Centre on Wednesday.

The following is a list of the visiting attorneys in attendance upon the courts this week: Mess. Dean and Treadaway, of Rome, Ga.; Cooke, Brock, Savage and Kerr, of Piedmont; Coleman, Willett, Blackwell, Johnson, Acker, McLeod, Matthews, Whiteside, Pelham, Blackman and Hannah, of Anniston.

There will be four weeks of circuit court this term, and Judge Brewer expresses a determination to clear the dockets as far as practicable.

## HOW TO PREVENT CROUP.

Some Reading That Will Prove Interesting to Young Mothers. How to Guard Against the Disease.

Croup is a terror to young mothers, and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is seen followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Druggist.

## Clubbing Rate Off.

The clubbing rate announced for the Birmingham State and this paper is declared off. The State has suspended publication. We hoped to be able to secure the same rate from the State Herald as we had with the State, but that paper cannot see it to its interest to carry out the contract we had with the State.

Those who have subscribed for the REPUBLICAN and State will receive credit for REPUBLICAN for fifteen months instead of twelve, which we hope will be satisfactory.

## Death of Lawson Pruitt.

Lawson Pruitt, son of our worthy townsman, John B. Pruitt, died at the home of his parents at nine o'clock on the morning of October 23. He had been sick of malarial fever for about two weeks, but only a few days before his death did all his sickness assume a dangerous form. He was seized with congestive chills, and before their terrible attacks his constitution gave way. Lawson was a bright, sober, industrious young man. His parents are sorely grieved over his loss, and in their grief this entire community joins.

Mac Lane, one of the best fellows in all the land, came down from Chattanooga on Sunday and spent part of Sunday and Monday with his friends. He is winning the good opinions of every one with whom he comes in contact in Chattanooga, and none are more delighted to hear of his good fortune than his Jacksonville acquaintances.

As announced in the REPUBLICAN last week, the Hon. J. G. Harris will deliver this evening, at the college, on next Saturday evening. Admission, 25 cents, children 10 cents. This hoped that as many of our people as possible will attend.

Dr. J. P. Allgood, dentist, of Piedmont, will be in Jacksonville October 26th, and November 6th and 7th, prepared to practice his profession. He will be at Weavers November 4th and 5th. Call on him.

### Excitement at the Exposition.

In the center of the Manufactures and Liberal Arts Building there is always a thronging crowd, waiting their turn to feast their eyes upon the magnificent display of solid silver, cut glass, watches, etc. shown by Messrs J. P. Stevens & Bro., the well known Atlanta jewellers. Never before has such a brilliant exhibit been shown in Georgia, and it is one of the features of the Exposition. This house makes a specialty of engraving wedding invitations and visiting cards and have one of their engraving presses running in their exhibit. Souvenirs are freely given away and altogether this is one of the most interesting places to be seen in this great building. Those who visit the Exposition should make a note of this, and not miss seeing the display of Messrs J. P. Stevens & Bro.  
Their store at No. 47 Whitehall street is known to almost every person who has ever visited Atlanta, and those who have recently visited there say that the gorgeous array of beautiful things shown in their storehouse is one of the wonders of the city.

### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one deadly disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Mrs. B. V. Vansandt has been quite sick since her return from Boaz last week.

C. E. Bondurant with Mrs. Bondurant and Miss Loula went over to Atlanta on Tuesday.

### Cure for Headache.

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headache yields to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only 50c at the drug stores. For sale by W. J. Arbery.

H. L. Stephenson and family are taking in the big show at Atlanta this week.

The contract for building the Olathe bridge was awarded to Frank Morris of Morrisville.

## FOR THE PRESENT WEEK

The Republican's Correspondents Gather the News and Furnish it to its Readers.

## SCHENCKS SPRINGS

Mr. J. F. Riche, of Talladega, has been visiting in this section.

Mr. Sam Fite and family, of Weavers, spent the day here last Sunday.

Mr. and Mrs. Jacks on Young, of Bruner, have been visiting in this vicinity.

Elbert Morris and John Boozer passed through here last Sunday on their way to circuit court.

Oscar Crook and John Jels visited the springs last Sunday.

I see that the speeches of Mr. Carlisle are being circulated in this section, and I notice that he talks great deal about what Jefferson and Jackson did.

It was Patrick Henry who said that experience was the lamp by which his feet were guided. It makes no difference then what any one said or did.

We who are old enough, remember that when the Republicans demonetized silver in 1873 it was worth more in the markets than gold.

A dollar was worth 103 cents. There was no depreciation silver currency in this country then. There was no depreciation until after demonetization act of 1873.

Mr. Carlisle used to take a friendly view of silver, but he is on the other side now. He reminds me of the story of the little boy who each evening had to drive up the cow to be milked.

One evening he went down on the creek bottom but failed to find her, and so he called to his father who was passing to aid him. "Now Pa," he said, "you take this side of the creek and I'll take the other, darn her old hide she belongs on both sides any how."

And so Mr. Carlisle is like the old cow. When he wanted the peoples vote he was on the side of the people, and an eloquent advocate he was. But when he gets into the cabinet, the gold bugs draw him to the other side. "Darn her old hide she belongs on both sides."

Success to our home paper the REPUBLICAN.

There was a thin ice last Monday morning.

Rev. Dr. Newman filled his appointment here last Saturday and Sunday and preached a couple of very fine sermons, though he was in poor plight, having been in a runaway scrape at Eastaboga. He had one arm broken and one knee injured.

Miss Bessie Davis is improving slowly.

Miss Mamie Scarborough, who is attending school at White Plains, was at home Saturday and Sunday with her parents.

Mr. John Lanford expects to move to Texas about the first of December.

Mr. F. W. Foster and family will return to Anniston soon.

Some of our young men have gone to Gadsden to work at the carpenter's trade.

The first ice of this season was last Monday morning.

The health of this vicinity is good.

## CANE CREEK.

The camp meeting was largely attended and great interest was manifested by the people. Much good was done and there were a number of accessions to the church.

The best of good order prevailed. The next meeting will be held in August, 1896.

Our candidate has traded his saddle for a pistol and like the girl about the "chiggers," he says that what he can't catch he will shoot.

Now who is Judge Garrett? Here's to him: Brethering and sister, David said all men are liars. Let us then guard ourselves against this fault. I am a fisherman. I catch boundless numbers of suckers in Canoe Creek, when Renben fails to catch them in Florida. I used to catch fish so fat that all you had to do was to dip the oil out of the skillet as they fried.

In this way have I made barrels of fish oil. A fish weighing two pounds has made for me gallons of oil. Let us avoid the bad habit of which David speaks.

But can get the coat now and if he can get some of the Big Boogers fish oil he will go in slicker than a

A large Sunday school was organized at Cedar Grove on last Sunday.

There will be a Sunday school rally at New Bethel on the 3d Sunday.

## RRUNER.

We are afflicted with clouds of dust.

The health of the community is good, but we are looking for a few chills to slip up on us, as they are all around us.

Mr. J. L. Finley and sons Pratt and Tom, S. A. Kirksey, J. T. Vincent, Jr., and Raymond Griffin left this place, en route to Birmingham with a drove of beef cattle and about seventy-five goats.

You know that these forty cows and seventy-five goats will keep the boys in the dust until they get there. When they hear the price of beef they will be in the soup.

Mr. Claud Poes friends have agreed to get Dr. Crutcher of Gadsden to treat him for rheumatism.

The doctor comes well recommended to us. Nearly a hundred dollars has been raised to help pay the doctor's bill. We all hope that he may be restored to health.

Lots of our people are going to Texas.

The Southern R. R. Co., is trying an experiment, they are hitching two engines to one freight train pulling 30, to 35 and 40 cars. This looks like economy as it saves the wages of one conductor, one flagman and one or two brakemen.

Beat 12 will have another Sabbath School rally next Sunday afternoon. Mr. Russell, of Anniston, will meet with us to encourage the people in this great work. Mr. Armentrout is also expected to meet with us.

Dr. Newman preached a very excellent sermon at the Academy Sunday night.

Mabry Hanna, of White Plains, left this week to go to school near Birmingham.

J. D. Bell has gone to Florida to get Jack Bush who had skipped his bond. He failed to get him.

Mrs. Lawrence moved to Jacksonville last week. Her many friends here regret to lose her. Her niece, Miss Mary English, went with her, to enter the normal school. Others will probably come over later.

Cotton sold for over nine cents in our town last week. We have one of the best cotton markets in the country. The crop is very short. Many estimate it at little more than one half a crop. Corn is also short, but the hay crop is fine. Sorghum is short, but the farmers will make enough to do them.

## HON. J. H. BANKHEAD

Addresses the People of Calhoun

IN FAVOR OF TRUE Bimetallism.

His Speech Pronounced, One of the Ablest Ever Delivered Here.

Hon. John H. Bankhead, the distinguished representative from the Sixth district, addressed the people of Calhoun county in the court house in Jacksonville last Monday in favor of the free and unlimited coinage of silver.

His speech is pronounced by all who heard it as one of the ablest and most conservative speeches ever delivered here on this subject.

The speaker appealed to the judgment and common sense of the people and not to their prejudice or passion.

Our space is too limited to even give a synopsis of Col. Bankhead's speech, and we can only refer to a few of the features of the money question he discussed.

It is frequently stated by the gold standard men that the increase in the price of cotton would kill the silver eraze and settle the silver question. Col. Bankhead said if the increased price of cotton was all that was necessary, then we should pray for only a half crop annually, for it is certainly true that the law of supply and demand regulates the price of cotton. This he said was equally true with money. A small supply of money increases the purchasing power, and when this country was brought to gold basis, the purchasing power of the dollar was increased, which brought an era of falling prices, which still continues, and will continue as long as our present system of finance exists.

In discussing the parity he said there was no true bimetalist who wanted a silver dollar which was not worth as much as any other dollar. They were all in favor of maintaining the parity. Not the parity between gold and silver bullion, but parity between the two metals, is meant between the coin of the two metals. The sound money men talk about the parity between the two metals when they have deliberately killed the money value of silver bullion. What would be the effect if a bill should be passed which would prohibit winter wheat from being carried to the mill and ground into flour, and we had to depend upon spring wheat alone for flour? With a decreased amount of flour, the price would increase, spring wheat would go up, and on account of the discrimination, winter wheat would greatly decline in value. So with gold and silver. Take from gold its money value and it will decline to one-fourth its present value, as only twenty-five per cent of it is in demand for the fine arts.

He said we frequently hear it said now that prosperity is returning. He welcomed it as much as any living man; but whatever prosperity existed now was not due to the gold standard. The improved condition among the farmers has come at the expense of the toil, suffering and deprivation of themselves and families. The gold standard men say the present crop has been made at less expense than usual. This is true. The farmers have done without all the luxuries and many of the necessities of life for the past twelve months. It is

also the squeezing out process which brought better times, among the railroads and many of the large industries. Think of the large numbers of them which have been in the hands of receivers. The stockholders have been squeezed out, and they have passed into new hands.

He challenged any gold standard man present to name a single gold standard country where the farmers are prosperous, or have prospered for the last ten years.

He also challenged them to name a single country on a silver basis where the farmers have not prospered during the last ten years.

Col. Bankhead closed his speech by saying that he believed the free unlimited coinage of silver would bring an era of prosperity to this country, and that the only possible hope he saw of securing this was through the Democratic party, and in a grand and eloquent peroration he urged all those present to stand by the old Democratic ship.

Jacksonville's Week at the Exposition.

Col. Ball, of the East and West, who is always willing to do the nice thing by Jacksonville, while here last Wednesday voluntarily proposed to furnish the people of Jacksonville a special car to go to Atlanta on Monday, Nov. 18th, provided we get a party of thirty or forty persons. He can arrange to have our leave at 6:30 in the morning and reach Atlanta at noon.

This is a very kind offer on the part of Col. Ball, and we have no doubt but the required number will readily be secured.

Arrangements will also be made for special rates at hotel.

All who desire to go with this party will please leave names at the REPUBLICAN office, so as that the necessary arrangements can be made at an early day.

REV. W. M. TUMLIN, of Anniston, Ala., Preached Two Sermons a Day for Ten Consecutive Days.

Seven years ago last August I was suddenly taken with what the doctors called a "breaking down of the nervous force." I was thoroughly prostrated. Soon after being taken sick other troubles and complications began to arise, viz: Catarrh, dyspepsia, two strictures of the oesophagus, rheumatism, almost perfect deafness and choking sensation on breathing. In addition to all these ailments I was continually having as my companion boils, risings and carbuncles. I suffered terribly, and it was the opinion of every one that I would not live. In October of the last year the last gun (a gripper) was brought forward on the attack and for a few days I thought I would have to surrender and would but for the Electro-poise. Mrs. J. D. Thompson, of this city, induced me to try it, and after a few applications I began to improve, until now, after a few years' use of it, I feel entirely well and after not having been able to do a day's work in seven years, I am able to preach two sermons a day, as I have done recently for consecutive days. Money could not buy my "little doctor." Yours truly, W. M. TUMLIN.

## Court Notes.

Circuit court convened at the court house in Jacksonville on last Monday, the 21st inst., Judge Brewer presiding.

The grand jury was organized with J. D. Hammond, of Jacksonville, as foreman, and S. A. McCollum as bailiff. Judge Brewer delivered a strong, clear charge to the grand jury, in which he stated their duties as jurors and as citizens, and called their attention to certain offenses which might come under their notice. The grand jury is composed of good men and it is safe to predict that their work will be of much benefit to the county and state.

At the time of going to press the following cases have been tried: R. G. Clarke vs. Bowling and Woodruff—Geo. W. Bowling, claimant. Jury and verdict for claimant.

R. Y. Street vs. M. H. Toland. Jury and verdict for plaintiff. The verdict in this case gave S. J. Carroll vs. J. M. Gray. Jury and verdict for defendant.

Chancery court has also been in session here this week, and part of Monday and Tuesday was devoted to the business of that court. Judge Brewer adjourning circuit court to allow the attorneys to attend. Chancellor McSpadden wound up the chancery docket on Tuesday afternoon, and left for his home at Centre on Wednesday.

The following is a list of the visiting attorneys in attendance upon the courts this week: Messrs. Deau and Treadway, of Rome, Ga.; Cooke, Brock, Sarge and Kerr, of Piedmont; Coleman, Willett, Blackwell, Johnson, Acker, McLeod, Matthews, Whiteside, Pelham, Blackburn and Hannah, of Anniston.

There will be four weeks of circuit court this term, and Judge Brewer expresses a determination to clear the dockets as far as is practicable.

HOW TO PREVENT CROUP.

Some Reading That Will Prove Interesting to Young Mothers. How to Guard Against the Disease.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is seen followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Druggist.

Clubbing Rate Off.

The clubbing rate announced for the Birmingham State and this paper is declared off. The State has suspended publication. We hoped to be able to secure the same rate from the State Herald as we had with the State, but that paper cannot see it to its interest to carry out the contract we had with the State.

Those who have subscribed for the REPUBLICAN and State will receive credit for REPUBLICAN for fifteen months instead of twelve, which we hope will be satisfactory.

## Death of Lawson Pratt.

Lawson Pratt, son of our worthy townsman, John E. Pratt, died at the home of his parents at nine o'clock on the morning of October 23. He had been sick of malarial fever for about two weeks, but only a few days before his death did his sickness assume a dangerous form. He was seized with congestive chills, and before their terrible attacks his constitution gave way. Lawson was a bright, sober, industrious young man. His parents are sorely grieved over his loss, and in their grief, this entire community joins.

Mac Lane, one of the best fellows in all the land, came down from Chattanooga on Sunday and spent part of Sunday and Monday with his friends. He is winning the good opinions of every one with whom he comes in contact in Chattanooga, and none are more delighted to hear of his good fortune than his Jacksonville acquaintances.

As announced in the REPUBLICAN last week, the Hon. J. G. Harris will deliver this lecture, "Companionship With Men and Books," at the college on next Saturday evening. Admission, 25 cents, children 10 cents. It is hoped that as many of our people as possible will attend.

Dr. J. P. Allgood, dentist of Piedmont, will be in Jacksonville October 26th, and November, 6th, and 7th, prepared to practice his profession. He will be at Weavers November 4th and 5th. Call on him.

#### Excitement at the Exposition.

In the center of the Manufactures and Liberal Arts Building, there is always a pressing crowd, waiting their turn to rest their eyes upon the magnificent display of solid silver, cut glass, watches, etc., shown by Messrs J. P. Stevens & Co., the well known Atlanta jewellers. Never before has such a brilliant exhibit been shown in Georgia, and it is one of the features of the Exposition. This house makes a specialty of engraving wedding invitations and visiting cards, and have one of their curious presses running in their establishment. Souvenirs are freely given away and altogether this is one of the most interesting places to be seen in this great building. Those who visit the Exposition should make a note of this, and not miss seeing the display of Messrs J. P. Stevens & Co.

Their store at No. 47 Whitehall street is known to almost every person who has ever visited Atlanta, and those who have recently visited there say that the gorgeous array of beautiful things shown in their store-room is one of the wonders of the city.

#### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one drugged disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address H. J. CLENNY & CO., Toledo, O., sold by Druggists, 75c.

The weekly edition of the Atlanta Constitution is the best weekly in the south. You can get it and the Jacksonville REPUBLICAN one year for \$1.50.

Good advice: Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Druggists.

Remember that we will send the REPUBLICAN and WEEKLY CONSTITUTION to any address for \$1.50. Can you afford to be without these papers?

#### A Household Treasure.

D. W. Fuller, of Causabharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. D. Dickinson, of Danvers, Catkill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough Remedy that he has used in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at all Druggists. Regular size 50c, and \$1.00. For sale by W. B. Arbery.

Mr. Joe Alexander has accepted a position with the firm Douglas, Thomas and Davidson, of Atlanta, Ga., and left for his work on last Sunday. Here's to Joe.

Some readers of the REPUBLICAN are proving to be our best customers. They know a good thing when they see it. Come again.
